Chapter 1 by Will Coloff

Anyone could have done it, anyone! But he chose me, out of all the 523,212 people in this floating city, ME! I mean, what are the odds? 1 in 523,212, well, i guess you knew that, but still, thats a small chance! He had to choose the one with a family, not the homeless guy who has no reason to live. What will I tell my wife!? And the kids, what will they do? **sigh** My family will die without me. They need to hide or they will kill them. This is a hard time for humanity.
